HELPING OLYMPIC DREAMS – Bob Mastin, Pan-American Games for Martial Arts gold Medalist and Sundre-area owner of Mastin Seeds, shows off a ball cap very similar to the ones he has given to four Canadian athletes he is helping sponsor at the Summer Olympics in London. Mastin has worked with Action Talent Sport Management to help fund the Olympic dreams of windsurfer Nikola Girke, Men's pairs rowing athletes David Calder and Scott Frandsen, and Men's 4 rowing athlete Derek O'Farrell. Each of the competitors will wear a Mastin Seeds ball cap during some of their non-event Olympic activities. Mastin explained that many Canadian athletes' live hand-to-mouth just to get to the Olympics. Mastin is seen here wearing a volunteer T-shirt given to him during the Olympic trials in Calgary. Mastin won a gold medal in Taekwondo at the Pan-Am Games in Los Angeles in 1996.
